Editors note: My apologies for being so late this month with the newsletter. My printer went down, and then Dale's computer crashed, so they are both now in the shop being repaired. This brief newsletter was done on our remaining ancient system!

Dale, Wendy and I wish you all a Happy and Prosperous New Year.

Letter from Gloria Wagenknecht:

"Thank you to my LPA friends who have expressed sympathy to Robert and myself regarding the passing of my mother. At times such as this, friends and emotional support mean everything. LPA is a wonderful organization of feeling, creative and warm-hearted people. I thank you all for your e-mails, cards and phone calls. You have helped me get through a very difficult time."

Notes from Lyle Trusty: While reading a new magazine, CAMERA ART, an article caught my eye. It was "Gallery Stroll In Carmel" by Steve Simmons. I learned "the Monterey Coast of California has been a significant center of the photography world since the days of Ansel Adams, Edward Weston, Morley Baer, and others. It continues in the photography tradition as the site of several excellent **photo galleries** that are worth the trip."

There are **seven** photo galleries:
Focus Gallery, Delores between Ocean and Seventh, Carmel.
The Weston Gallery, Delores & Sixth Ave, Carmel.

Photography West Gallery
Dolores near Ocean, Carmel.
Center for Photography
Sunset Cultural Center
San Carlos between 8th and 10th, Carmel.
Silver Light Gallery, San Carlos
And Ocean Ave, Carmel.
Josephus Daniels Gallery, Carmel
Ansel Adams Gallery, Pebble Beach.

I don't know when, but I'm going to go to Carmel and visit as many of these galleries as possible. Anybody else want to go?
